

## Course Overview

# Public Safety Diver Level II Boat Based Search Operations Specialist Program #PSD.006

This Public Safety Diver - Level 2 specialty course is designed to teach the public safety diver how to conduct a search operation using a boat as your diving platform. Through the use of a buoy grid system you will be able to clear large search areas in a short time. You will also become familiar with how to properly anchor your boat platform using various anchoring systems. This course is intended to serve as a safe and supervised introduction into boat based PSD operations.
