COURSE NAME Recreational TriMix

CERTIFICATION AGENCY IANTD

PROGRAM # TEC.220

MINIMUM AGE 15

COURSE FEE \$100

Perceived by many as being only for technical divers the Recreational TriMix Diver course trains recreational divers and entry level technical divers on the use of TriMix gas blends to offset the effects of nitrogen narcosis resulting in a clearer head when performing deep dives.

The Recreational Trimix Program covers the use of Recreational diving mixes in the range of 28 to 40% oxygen with Helium. The program is designed to provide recreational divers with a breathing medium for extending their dives to deeper depths by using an Equivalent Narcotic Depth between 40 to 80 fsw at depths up to 130 fsw.

Course Name/Certification Offered

IANTD Recreational TriMix

Student Prerequisite[s]

Advanced Open Water Diver or equivalent
Enriched Air Diver
15 Logged Dives

Classroom Session [s]

1 [4 hours]

Confined Water Session

N/A

Open Water Dives

2

Breathing Gas(es)

Primary Trimix

Administrative Forms

- IVS Required Equipment List for Advanced Diving Courses
- IVS Model Release
- IVS Medical Statement & Divers Medical Questionnaire
- IANTD Liability Release

Required Student Materials

- Advanced Diving Equipment Setup
- Recreational TriMix Student Kit

Recommended Student Materials

- TriMix Dive Computer
- TriMix Analyzer
